

## GENERAL ADMISSION INFORMATION FOR HIGHER EDUCATION COURSES AT THE ENGINEERING INSTITUTE OF TECHNOLOGY (EIT)

### 1. About the Engineering Institute of Technology

<b>Head Office</b>	6 & 8 Thelma Street West Perth WA 6005 AUSTRALIA		
<b>Campuses</b>	<b>WEST PERTH CAMPUS</b> 6 & 8 Thelma St West Perth WA 6005 Australia	<b>MELBOURNE CAMPUS</b> Level 5, 301 Flinders Lane Melbourne VIC 3000	<b>BRISBANE CAMPUS</b> Level 6, 333 Adelaide St Brisbane QLD 4000
<b>Open Days</b>	Dates of any open dates are published on our website - <a href="https://www.eit.edu.au/news-events/events/">https://www.eit.edu.au/news-events/events/</a>		
<b>Enrolment Dates</b>	Closing dates for admissions are published on our website - <a href="https://www.eit.edu.au/schedule/">https://www.eit.edu.au/schedule/</a>		
<b>Contact Details</b>	Students are welcome to contact us to discuss any questions that they may have regarding our courses. Tel: 1300 138 522 or +61 8 9321 1702 Email: <a href="mailto:eit@eit.edu.au">eit@eit.edu.au</a> Web: <a href="http://www.eit.edu.au">www.eit.edu.au</a> (including a live chat option)		

### 2. Admission Criteria

Each higher education course at EIT has varying admission criteria. Please refer to the individual course pages for detailed admission criteria - <https://www.eit.edu.au/courses/>

General admissions information is also available at <https://www.eit.edu.au/how-to-apply/>

As a general guide, the admission criteria for each type of higher education qualification offered at EIT is as follows and applies to all student groups i.e. Applicants with higher education study; Applicants with vocational education and training (VET) study; Applicants with work and life experience; Applicants with recent secondary education (within the past two years). All relevant criteria will be considered e.g. school results, work experience and other study may be assessed, even where an applicant has prior higher education.

#### Doctor of Engineering:

All admission will be written application and interview. The written component will comprise of a 500-word statement as to why you wish to apply for this program; and a 1000-word research proposal. Research proposal guidelines supplied [here](#).

To be eligible for admission, applicants must satisfy the following requirements:

1. BE Honours, Graduate Diploma (or equivalent) with minimum Second-Class Honours Division A (H2A). **OR**

2. An appropriate and relevant Master's degree from EIT or other recognized tertiary institution. **OR**
3. Satisfying the Dean (or delegate) of their fitness to undertake further advanced work. This would be established by:
  - Relevant four-year undergraduate qualification from a recognized institution **AND**
  - Submission of a resume demonstrating, at least five years of professional practice in a relevant field with the ability to demonstrate, or be in a position to produce their own substantial, original professional contributions in the relevant engineering field and/or published research work. **AND**
  - An appropriate level of English Language Proficiency, as outlined in the [EIT Admissions Policy](#).

### **Master Degree:**

Master Degree applicants need one of the following:

- a) a recognized 3-year bachelor degree\* in an engineering qualification in a congruent field of practice; **OR**
- b) an EIT Bachelor of Science (Engineering) degree\* in a congruent field of practice; **OR**
- c) a 4-year Bachelor of Engineering qualification (or equivalent) that is recognized under the Washington Accord by Engineers Australia, in a congruent, or a different field of practice at the discretion of the Admissions Committee; **OR**
- d) a 4-year Bachelor of Engineering qualification (or equivalent)\* that is not recognized under the Washington Accord, in a congruent field of practice.

### **AND**

An appropriate level of English Language Proficiency equivalent to an English pass level in an Australian Senior Certificate of Education, or an IELTS score of 6.0 (with no individual band less than 6.0), or equivalent as outlined in the [EIT Admissions Policy](#);

*\* With integrated compulsory 12-week professional industry experience, training or project work of which 6 weeks are directly supervised by a professional/eligible professional engineer as determined by EIT.*

### **Graduate Diploma:**

To gain entry into this program, we require applicants to hold:

1. A recognized 3-year bachelor degree\* in an engineering qualification in a congruent field of practice; **OR**
2. An EIT Bachelor of Science (Engineering) degree\* in a congruent field of practice; **OR**
3. A 4-year Bachelor of Engineering qualification (or equivalent) that is recognized under the Washington Accord or by Engineers Australia, in a congruent, or a different field of practice at the discretion of the Admissions Committee; **OR**
4. A 4-year Bachelor of Engineering qualification (or equivalent) \* that is not recognized under the Washington Accord, in a congruent field of practice to this program; **AND**

5. An appropriate level of English Language Proficiency equivalent to an English pass level in an Australian Senior Certificate of Education, or an IELTS score of 6.0 (with no individual band less than 6.0), or equivalent as outlined in the EIT Admissions Policy.

*\* With integrated compulsory twelve-week professional industry experience, training or project work of which six weeks are directly supervised by a professional/eligible professional engineer as determined by EIT.*

### **Graduate Certificate:**

Applicants are required to:

- Hold a recognized bachelor's degree (or above) in engineering or science in a congruent field of practice.
- Have completed the equivalent of first-year Bachelor level mathematics, or are able to demonstrate recognized relevant work experience.
- Have an appropriate level of English Language Proficiency at an English pass level in an Australian Senior Certificate of Education, or an IELTS score of 6.0 (with no individual band less than 6.0), or equivalent as outlined in the [EIT Admissions Policy](#).

Applicants who hold a bachelor's degree in a non-congruent engineering field are required to demonstrate their prior learning and experience is equivalent to the entry requirements (exact positions and roles that will be considered relevant are to be decided by each specialisation and will be considered on a case-by-case basis by the EIT Admissions Committee).

Applicants who do not hold a recognized bachelor's degree are required to demonstrate their prior learning and experience is equivalent to this qualification. A minimum of an Australian Advanced Diploma (or equivalent) in Engineering and 5 years of technical work experience at a technologist level or above in a relevant engineering field is required for an application to be considered (exact positions and roles that will be considered relevant are to be decided by each specialization and will be considered on a case-by-case basis by the EIT Admissions Committee).

Applicants who enter and complete this qualification without holding a prior Bachelor's Degree and go on to complete an EIT Master's Degree may not be eligible for Engineers Australia recognition. However, students can lodge a personal application with Engineers Australia to be assessed on a case-by-case basis.

### **Bachelor Degree:**

Entry is available to applicants who hold one of the following:

1. Year 12: Australian Senior Certificate of Education ([or equivalent](#)), completed within the past 3 years, with a minimum score of 60% in Maths;
  - Applicants who have completed Yr 12 ([or equivalent](#)) more than 3 years ago will also need to demonstrate relevant work experience in the field of study applied for.
2. A relevant (to the sub-discipline) Engineering AQF Diploma or higher or a relevant (to the sub-discipline) overseas qualification equivalent to an Engineering AQF Diploma or higher which was

completed within the last 10 years with successful completion of all Maths units/modules + recent industry work experience in a relevant field.

#### **English Language Proficiency Requirements:**

Applicants are required to demonstrate English language proficiency at the level of an IELTS overall score of at least 6.0 (with no individual band score less than 5.5), or equivalent as outlined in the [EIT Admissions Policy](#);

#### **Undergraduate Certificate:**

Entry is available to applicants who hold one of the following:

1. A Year 12 Australian Senior Certificate of Education (or [equivalent](#) for International Students), completed within the past 3 years, with a minimum score of 60% in Maths. Applicants who have completed Year 12 (or [equivalent](#) for International Students) more than 3 years ago are required to also demonstrate 2 years of relevant work experience in the field of study applied for; **OR**
2. A relevant Engineering AQF Certificate IV (or equivalent overseas qualification) with successful completion of all Maths units/modules and 2 years relevant work experience in the field of study applied for; **OR**
3. An Engineering AQF Diploma (AQF Level 5) (or equivalent overseas qualification) with successful completion of all Maths units/modules.

#### **English Language Proficiency Requirements:**

Entry to this course requires demonstration of English language proficiency at the level of an IELTS overall score of at least 6.0 (with no individual band score less than 5.5). The methods of satisfying these English language proficiency requirements are generally through (but not limited to):

- An Australian Senior Certificate of Education or equivalent
- A specified level of achievement in a recognised English language test, such as IELTS (or equivalent as outlined in the [EIT Admissions Policy](#)).
- Satisfactory completion of another tertiary course offered in English
- Work history in an organization where English is the language of communication

### **3. Additional information**

*Aboriginal & Torres Strait Islander people* – There are no specific admission options specifically for Aboriginal and Torres Strait Islander applicants. All applications are assessed on their merits.

*Domestic applicants with overseas qualifications* - Overseas qualifications are accepted and will be assessed for equivalence to the required Australian qualification. EIT uses Country Education Profiles (CEP) to assist with this equivalence assessment. Each course application is assessed on a case-by-case basis.

*English language proficiency* – All higher education courses require applicants to have a satisfactory English language proficiency at an English pass level in an Australian Senior Certificate of Education or equivalent; OR a specified level of achievement in a recognized English language test such as IELTS (or equivalent).

## 4. How to Apply

Please refer to: <https://www.eit.edu.au/how-to-apply/>

### Credit and Recognition of Prior Learning

Please refer to: <https://www.eit.edu.au/how-to-apply/applying-for-credit/>

### Deferment

Please refer to: <https://www.eit.edu.au/how-to-apply/deferring-withdrawing/>

### Fees and Charges

Please refer to:

- Fees: <https://www.eit.edu.au/how-to-apply/fees/>
- Payment Methods: <https://www.eit.edu.au/how-to-apply/payment-methods/>
- Scholarships & Bursaries: <https://www.eit.edu.au/how-to-apply/scholarships/>

## 5. Student and Campus services

Please refer to:

- <https://www.eit.edu.au/why-eit/student-support/>
- <https://www.eit.edu.au/why-eit/study-on-campus/>
- <https://www.eit.edu.au/why-eit/study-online/>

## 6. Financial Assistance

- Youth and student allowances - <https://www.servicesaustralia.gov.au/education>
- Student Loans
  - <https://www.studyassist.gov.au/>
  - <https://www.eit.edu.au/how-to-apply/payment-methods/>
- Scholarships - <https://www.eit.edu.au/how-to-apply/scholarships/>

## 7. Student Profile

The table below gives an indication of the likely peer cohort for new students at the institution. It provides data on all students who commenced undergraduate study in the most relevant recent intake period, including those admitted through all offer rounds, across all Australian campuses, and international students studying in Australia.

Applicant background	January - June 2024 (on-campus and online)	
	Number of students	Percentage of all students
<b>(A) Higher education study</b> (includes a bridging or enabling course)	0	0%
<b>(B) Vocational education and training (VET) study</b>	46	10%
<b>(C) Work and life experience</b> (Admitted on the basis of previous achievement not in the other three categories)	N/A	NP
<b>(D) Recent secondary education:</b> <ul style="list-style-type: none"> <li>Admitted solely on the basis of ATAR (regardless of whether this includes the consideration of adjustment factors such as equity or subject bonus points)</li> <li>Admitted where both ATAR and additional criteria were considered (e.g. portfolio, audition, extra test, early offer conditional on minimum ATAR)</li> <li>Admitted on the basis of other criteria only and ATAR was <b>not</b> a factor (e.g. special consideration, audition alone, schools recommendation scheme with no minimum ATAR requirement)</li> </ul>	N/A  N/A  408	N/A  N/A  90%
<b>International students (on-campus)</b> – these numbers are also included in the statistics above	29	-
<b>All students</b>	<b>454</b>	<b>100.0%</b>

Notes: “<5” – the number of students is less than 5.  
 N/A – Students not accepted in this category  
 N/P – Not published: the number is hidden to prevent calculation of numbers in cells with less than 5 students.

We welcome the diversity of nationalities and view it as an opportunity for students to immerse themselves in different cultures in preparation for their career in a culturally diverse workforce.
